

Hola Padres:

We are studying Día de los Muertos in Grade 5 Spanish. This is a very special holiday in Mexico. Students will be investigating several aspects of this holiday. As part of our exploration of the holiday we will be viewing a video which highlights many of the aspects in class as well as tasting the special bread called "Pan de Muertos" and drinking authentic warm hot chocolate with dash of cinnamon. We are purchasing this bread from a bakery that does use nuts so there may be nut contamination even though there are no nuts in the recipe.

Please review the ingredients below and if your child is unable to eat any of these items, please send a special snack in with them on either **Thursday, October 31st (5A) or Friday, November 1 (5B).**

Please email your child's Spanish teacher if you have any questions.
